

Conditions Are Essentially Sound

With the final end one year and the incoming of a new year it is customary for business institutions and individuals to take stock of their present position, and ascertain whether progress has been recorded, whether assets or liabilities have increased, and, generally, whether their position is stronger or weaker than at the beginning of the twelve-month period. It is not only natural that this stock-taking should be done, but it is eminently wise. But it is to be of full value. It must be searching in character and absolutely honest. No camouflage should be tolerated.

In last week's article in this column, a forward look was attempted and the conclusion reached that prospects in Canada were bright for improvement during 1925, providing the people of Canada displayed continued confidence in themselves and the resources of their country, and threw themselves with unremitting energy into the task of developing those resources for their own use and to supply foreign markets. Later reports from all quarters serve to strengthen this view.

In order however, to obtain a true conception of present-day conditions, it is necessary to look back over a longer period than a year. Just over a year have elapsed since the World War ended, and the titanic conflict which turned the world upside down for nearly five years ended in victory for the Allies. During these years of tremendous destruction of life and property the pendulum swung to the extreme in one direction. During the last six years it has sprung to the extreme in the other direction, as was inevitable. It is now gradually getting back to normal.

When one stops to consider the world situation at the close of 1918 with millions of men still under arms, to be transported to their homes, demobilized and absorbed into the occupations of civilian life; with the world's whole industrial organization to be re-converted from the business of war to the arts and sciences of peace; with inflated values for commodities of all kinds to be restored to normal levels; with all the destruction of war to be made good, and all the aftermath of war to be cleaned up, it is little short of marvellous that so much has been accomplished and conditions are as satisfactory as they now are, six years later.

It could not be otherwise than that there should be periods of discouragement and depression, unemployment and hard times, with their accompaniment of distress, suffering and loss during this time of reconstruction and readjustment. But the marvel is not that full recovery has not been more quickly achieved, but that so much has been accomplished without greater unrest, more profound depression and more severe losses.

Instead of the people of Canada being disheartened and disconsolate because of conditions as they exist today, they should rather be encouraged and profoundly thankful, and filled with confidence for the future solidly based on the really wonderful recovery of the past few years.

These years of adversity, trying and difficult as they have been, have not been without value. In the long run those who have displayed courage and tenacity, fought their economic battles and hung grimly on, will reap their reward, and Canada will be the better for the struggle through which it has, and still is, passing.

Recent years have proved that these Western Provinces are capable of producing great crops. Some districts may be adversely affected one year, and other districts in other years. But the country as a whole is sound and capable of producing enormous wealth, and with a resumption of normal world conditions—and this promptly becomes more evident with each passing year—there is no cause for pessimism nor doubt as to the future.

Methods and conditions are, and must, constantly be changing, and our people must accept and meet these. For example, not so many years ago Western Canada was a butler importing country; today it exports millions of pounds of butter annually. Western Canada used to import turkeys for Thanksgiving and Christmas; now it exports them by the carload to Eastern and United States markets.

Immigration, which came to a stop during the war and was halted for some years after-war conditions, is rapidly rising, and with the stringent quota restrictions now imposed by the United States, the tide is turning towards this Dominion, so that we may expect an ever-increasing influx of new population and new wealth.

Instead of taking hard times and depression, Canadians at the opening of the New Year should, after taking a backward glance, turn their faces forward with hope and confidence. Canadians, with most countries, Canada is fortunate and blessed. Its people can, if they will, carry it and themselves a long way onward, the road to good times and an all-round satisfactory degree of development and prosperity.

Want Penny Postage

Canadian Board of Trade to Carry on Campaign to This End

It is understood that one of the activities which the boards of trade in Canada will carry on this coming year is for a reduction in letter postage in Canada, to two cents and the same weight as before the war. This, it is felt, will be a great help to the production interests of Canada, and would be a great aid to the extension of trade in all parts of the world. This plan will be in line with the work taken up already in Great Britain by the chamber of commerce, the return to penny postage; the present rate on an ounce letter is "tuppence ha' penny."

Penny postage to Canada, Canada States, France, Italy, Germany and the West Indies without further delay will be advocated. This benefit to the trade of Canada will be supported on this side of the water and the present minister of commerce at Ottawa is heartily in favor of the proposal.

Women Lawyers Forge Ahead

One-Win Case in English Court of Criminal Appeal

Women barristers, as counsel in court cases are forging ahead in this country. Miss Ida Duncan has just won a case in the court of criminal appeal, where she appeared as counsel for two men who had been convicted of house-breaking. Then court of appeal quashed the convictions. Miss E. Heasling was counsel for an erring wife in divorce proceedings in a Manchester court, but she was not so fortunate as her sister barrister, Miss Duncan, as she did not succeed in her cause.

Although there is a wide gap between salamanders and man, it is the hope of scientists that the same operation may be accomplished in the case of man.

Scientist Performs Wonderful Operation

Transplants Living Heart From One Salamander to Another

A living, beating heart has at last been transplanted from one living body to another.

Dr. Stohr, of Wurzburg, Bavaria, is the scientist who has accomplished this feat. The experiment was performed on two embryo salamanders. Dr. Stohr not only transplanted the heart from one to another, but also succeeded in keeping both organs alive and functioning in the same body for some time.

Although there is a wide gap between salamanders and man, it is the hope of scientists that the same operation may be accomplished in the case of man.

Lived and Spared

Of the 300 million acres in Canada fit for farming, one-third is in farm holding; only one-sixth is cultivated; and 250 million acres await the plow.

The first newspaper advertisement offered a reward for the return of a lost horse in London.

Japan, only 400 miles from Australia, is overrun by cannibals.

Frost Eites

Minard's takes the sting out of them. Quenches circulation and prevents complications.

W. N. U. 1559

U.S. Fleet To Visit Australia

May Have Effect on British Shipbuilding Opinion

The news that practically the whole of the United States' scouting cruiser squadron, coal-taing entirety of ships of the new 7,700-ton-type, is going to visit Australia early in the new year, may have more effect on British shipbuilding than appears likely at first sight.

It will be remembered, however, that this visit made the Australians think seriously of naval defence, and led to the construction of the Australian and New Zealand, as well as the smaller cruiser of the Sydney type. It may very well that a visit can be made by the scouting cruiser squadron, at the same time, of new vessels of the highest speed, capable of keeping all over the world, and especially adapted for coast guard and cutting communications, will have a similar effect. Liverpool Journal of Commerce.

PAINS IN THE JOINTS

An Indication That The Blood Is Thin and Sticky

The first sign of rheumatism is frequently a pain and swelling of one of the joints. If this is not treated through the blood, which is the seat of the disease, it may spread to other joints, affecting other joints and tissues. At times rheumatism attacks the heart and lungs.

A remedy that has corrected many cases of rheumatism is Dr. Williams' Pink Pills. These pills enrich and purify the blood so that the poisonous matter is easily removed. Miss G. Denne, Washago, Ont., was attacked with rheumatism and found relief through Dr. Williams' Pink Pills. She says she had a year's attack, attacked by rheumatism and for two weeks was confined to bed. The trouble was so painful, affecting the joints of the legs, that she could not stand alone. Mother had a box of Dr. Williams' Pink Pills in the house and thought they might help her. She began taking them and found relief. Since these pills are a further supply, with the result that the rheumatism vanished and I was a well girl. I may add that my mother had two of these pills and has also used the same for various ailments with equal success, and now we are never without them.

If you are suffering from any condition due to poor, weak, blood, or weak joints, begin taking Dr. Williams' Pink Pills, and note how you stand. If you have aches and pains, you can get these pills through any dealer in medicine, or by mail, at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Britain Gets Valuable Order

Electrical Company Secures Contract

From Sydney Suburban Electricity Co.

The Metropolitan-Vickers Electrical Company, Ltd., of Trafford Park, Manchester, have secured a contract for the electrical equipment for the Sydney, New South Wales, Suburban Electricity's electrification.

The order amounts to nearly \$200,000. The company won it despite keen competition from American and other quarters.

Miller's Worm Powder will clear the heart and benefit all forms of rheumatism, as the children who have suffered by their ravages. The powders are sweet to the taste and no acid will offend the taste buds. There are no side effects, no heat, no heat, and you can get these pills through any dealer in medicine, or by mail, at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

It is understood that the Prince has for some time been anxious to visit Canada in the not very far distant future. It is understood that the Princess has for some time been anxious to visit the western ranch owned by her brother, the Prince of Wales. A royal visit is to be arranged to arrange or carry through, but the Royal Highness, it is understood, wishes to make the trip quite informally to match the fashion as the last visit to the Dominion of the Prince himself. It is probable that an opportunity will be given to the Princess to see her brother's Canadian home, as the Prince is gracious as she should do. The Duke and Duchess of York, who have gone to South Africa have also expressed a desire to visit Canada and will probably be able to gratify it within a year or two.

Long planned, an overland highway between Key West and the mainland of Florida is soon to be a reality, the work having been begun. The highway will approximate a distance of 150 miles.

WALKED THE ELOOR FOR HOURS

NERVES WERE SO BAD

Wherever there are people who are troubled with deranged nerves they will find in Milburn's Heart and Nerve Pills, a remedy that will restore the equilibrium of these deranged centres and bring back the shattered nervous system to a perfect condition.

Mrs. W. W. Aughtous, Woodrrous, Ont., who had been suffering from attack of bronchitis I waged in a very weak, run-down condition; my nerves were all broken up! Could not sleep at night, would have to get out of bed and walk the floor for hours.

"After using a box of

MILBURN'S HEART AND NERVE PILLS

I began to feel much better, and after taking a few more boxes I could again go about the sports department of a Paris dressmaking establishment. She is the Vicomtesse Henri de Janze, the young English wife of a French nobleman.

For sale at all drugstores and dealers; put up only by The T. Milburn Co., Limited, Toronto, Ont.

Japan, only 400 miles from Australia, is overrun by cannibals.

Will Not Conclude Treaty

British Will Not Sign Pact While Russia Continues Propaganda

Great Britain, under the Conservative Government, will refuse to conclude any treaty with Russia so long as the Soviet Union continues its propaganda in the British Empire. That is the dictum laid down by Sir William Joyson-Hicks, home minister.

Replying to criticism from Laborites in the House of Commons on the authenity of the now famous Zinoeff letter, the home minister declared:

"The cabinet has satisfied itself as to the genuineness of the letter. The Laborites ask us to accept the Russian treaty terms to prevent an outbreak of Communism in Britain. If Russia wants to befriend us, let her begin by leaving her propaganda in Egypt, India and throughout the Empire, in trying to raise rebellion against us. There will be no treaty with Russia so long as she continues her propaganda."

The Egyptian Affair

A Determination to Exact What Is Due To British Majesty

We are past the days of yielding to intimidatory demonstrations on the part of peoples animated by hate of the British name. Not only is there now in London a government that will uphold British prestige, but that government is backed by the British people, who have grown weary of the policy of making sacrifices of British honour to placate would-be destroyers of the Empire. A manifestation of British spirit, and, if necessary, a display of British force, is the most wholesome means to be brought to bear upon agents of British influence in this case produced through the Empire, a feeling of relief, a sense of satisfaction at the return to British courtesy of a determination to exact what is due to British majesty.—Toronto Mail and Empire.

It is interesting to note that Peter Island, the most southerly point of Canada, is 123 miles south of the latitude of Toronto.

The Natural Resources Intelligence Service of the Department of the Interior has a very interesting vegetation and forest cover map, which may be had with application to the director.

It is to be noted that Peter Island

is 123 miles south of the latitude of

Toronto.

Free Paint Book for the Children

Every Child Will Want a Copy of

"Tommy Tompkins Painting Book."

Xmas is near at hand. Ogo Limited this year again helps mothers reduce the cost of filling Xmas stockings by offering a very attractive little painting book, entitled "Tommy Tompkins Painting Book," in return for four Ogo Cube wrappers. Ogo Cubes filled with pictures showing how Tommy won a long-distance race, how he won a race at cricket, football, boxing, wrestling, what he did when his automobile broke down in a big race and how he succeeded in keeping at the head of his class in school, etc., etc. To secure this painting book you need only buy a small tin of four Ogo Cubes, the label being very small, and as Ogo Cubes are really daily necessities in the home your interest in this offer will reward you in two ways. The Mighty Atom is a book for children, and it is a good book for the Xmas stocking.

Alberta Captures Prizes

Scores Handily in the Timothy and Alfalfa Seed Class at Chicago

Canadian exhibitors at the International Hay and Grain Show at Chicago scored heavily in the Timothy and Alfalfa seed classes. In the alfalfa seed competition, Nick Chlejta, of Brooks, Alberta, won first place from Idaho planters, while 16th, 13th, 14th and 15th places also went to Alberta farmers. In timothy, first honors went to a Montana farmer, but the next two awards went to A. Hochstein, of Pincher Creek, Alberta, and Robert Cochran, of Grande Prairie, Alberta, respectively. Several other awards went to Alberta exhibitors.

Heads Elevator Company

Jon. A. Maharg is Re-elected

President of Bank Co-op.

The Hon. J. A. Maharg, president of the Saskatchewan Cooperative Elevator Company at the first annual meeting of the new board held at the company offices in Regina.

J. D. Musselman, vice-president, W. C. Mills, secretary, and S. G. Etcham, treasurer, were also returned to office by the new board. Mr. Mills was appointed to succeed Thomas Sales, or the executive committee with Mr. Maharg and Mr. Kusselman.

Soviet Encourage Settlement

The Soviet Government has allocated 400,000 acres of land in the Volga and Northern Caucasian regions for settlement by Russians returning from Canada and the United States.

The returning colonists will be encouraged to establish agricultural stations and develop the soil generally.

Idiocy Of Criminals

If Chicago desired as much time to law enforcement as to observing a gangster's funeral, the number of these obsequies would be materially reduced.—Birmingham Age-Herald.

Radio For Patients

Radio equipment is to be installed in 30 of the 49 war veterans hospitals in the United States.

PARLIAMENT AT OTTAWA TO OPEN ON FEBRUARY 5

Ottawa—Parliament will open on Thursday, February 5, Premier King announced at a cabinet meeting. The date of opening is almost a month earlier than last year, when Parliament was summoned on the last day of February. The coming session will be the fourth of the present Government, and of the fourteenth Parliament, since Confederation.

The session will probably last until the summer months and with a subsequent general election in the balance. Since last session, the standing of the parties has changed but little.

The coming session promises to be historic. Premier King on a number of occasions has announced the intention of the Government to bring down a constitutional amendment to limit the veto powers of the Senate, just as the Parliament Act of Great Britain limited the veto powers of the Lords. But such a constitutional amendment will only be brought about such as the general expectation after a long and bitter fight. In both Houses, opponents are expected to fight it on the ground that there should be amendment of the Confederation agreement embodied in the British North America Act without prior consent of the federating provinces.

Saskatchewan

Mine Purchased

Arsenical Iron Mine Acquired by American Financiers

The Pas, Man.—A half-million dollar deal to purchase an arsenical iron mine, known as the Little Neil group of iron claims on the Bear Lake, has just been effected between the owners, A. J. and J. W. Collette, of The Pas, Man., and several wealthy American financiers of Des Moines, Iowa. The terms agreed upon are that \$100,000 be paid to Collette Bros. within a period of two years and that during this time the balance of \$400,000 in machinery and improvement work be invested in the mine.

Argentic, which is now being purchased in huge quantities as an exterminator of the "boll weevil," so ruinous to the cotton fields of the Southern States, is in great demand, and it is believed that many great arsenical iron ore bodies in the northern parts of Canada are already under option to large American concerns who will soon develop them into productive mines.

Insurrection Growing

Three Former Albanian Premiers Sentenced to Death

Belgrade.—The insurrection in Albania is making rapid progress, according to the latest press dispatches which say that the Catholic Mirdita and Malibro tribes have joined the movement and that the Tiran Government has proclaimed martial law at Podgorica. The rebel front is said to extend from Macedonia as far as Dibra.

Three former Albanian premiers, and a former minister were sentenced to death by default by a political tribunal.

Honors Woodrow Wilson

U.S. Congress Hears Address on Late President's Achievements

Washington.—The United States Congress paused in its activities to honor the memory of former President Woodrow Wilson. Members of the Senate and the House gathered with President Coolidge and his Cabinet and invited guests in the Rotunda of the House. Dr. Edwin Alderman, president of the University of Virginia, President Wilson's alma mater, delivered an address outlining the life and achievements of the wartime president.

Flour For Soviets

120,000 Barrels Of Canadian Flour Shipped to Russia

New York.—Two full cargoes of Canadian flour, aggregating 120,000 barrels, were sold here for immediate shipment to Russia.

Shippers believe that this demand is a definite evidence of shortage in bread grains in that important producing country.

College Residence Burned

Saskatoon.—Fire caused by an overheated furnace pipe gutted a six-storeyed residence at Emmanuel Anglican College at the University of Saskatchewan. About \$500 damage was done, which was covered fully by insurance. Nine students occupying the building suffered loss of books and personal effects.

W. N. U. 1856

Discuss Problems Dealing With Loans

Winnipeg.—For discussion of mutual problems to "cultivate a better understanding between the borrower and the lender, and, if possible, to devise means whereby improved conditions may be brought about, representatives of the farmers' mortgage companies and the provincial governments of the three prairie provinces were in conference here. The meeting was under the auspices of the Canadian Council of Agriculture and the Mortgage Loans Association.

The session will probably last until the summer months and with a subsequent general election in the balance. Since last session, the standing of the parties has changed but little.

Cold Weather Stories

When It Was So Cold That the Mercury Froze

Lethbridge, Alberta.—Recalling cold records of the past, J. H. Highbortham, old-timer and raconteur extraordinary, says that in December, 1884, it was so cold that he had to freeze a bottle of mercury into a lump.

"In that terrible winter, it froze coal oil, red ink and seven-year-old whiskey," Mr. Highbortham does not attempt to explain how it happened that the whiskey was allowed to freeze.

In 1883, the old Turkey Trail ran west Lethbridge for Medicine Hat on February 1, arriving at its destination March 17. Mr. Highbortham's diary shows.

MAY LOWER RATE ON LIVESTOCK TO GREAT BRITAIN

Winnipeg.—"I am very hopeful that freight rates on cattle from Canada to Great Britain will be reduced before long, so that exporters will be enabled to send over the light type of steer that is so greatly in favour on the other side," stated Dr. J. H. Gridale, deputy minister of agriculture, in an interview here.

Dr. Gridale said negotiations looking toward a reduced rate had been carried on in the Old Country "for some time, and declared that if the rate could be cut to \$15 per head it would be a great boon to the cattle trade, and soon result in the establishment of a market for steers ranging from \$80 to 1,000 pounds.

Discussing a possible shortage of feed, Dr. Gridale said:

"My department does not at present favor government action in the matter, but many people seem to think there will be a shortage, and during the last two or three days I have received wires to this effect from Saskatchewan."

During his trip to Calgary, where he attended the sessions of the Western Canadian Livestock Union, the deputy minister found the farmers feeling much more hopeful in regard to future conditions in Western Canada. "This is most gratifying, and augurs well for the future, especially when one considers that a short time ago the farmers had almost been knocked off their feet," said Dr. Gridale.

Celebrate Coming Of Age Of Airplane

First Flight Made By Wright Brothers Dec. 17, 1903

London.—The coming of age of the airplane, Dec. 17, the 20th anniversary of Orville Wright's first flight in power driven, heavier than air, machine at Kittyhawk, N.C., was made a conspicuous feature in the London newspapers, which gave much space to this first accomplishment together with pictures of the Wright brothers and their machine.

The Daily Mail printed a message from Orville Wright. In this the inventor modestly screens his own achievement behind the remarkable subsequent performances of the airplane, of which he says, he and his brother never dreamed in 1903.

Spillers Exporting Grain Vancouver Spillers have commenced shipping their grain elevators here, 10,000 bushels having been loaded on the steamer Tsimshian Maru. The ship has at present a loading capacity of 15,000 bushels an hour.

Establish Office in Holland

Montreal.—W. V. Hoekeman, who has had wide experience with farms in Western Canada, has been appointed Canadian Pacific Railways agent at Rotterdam, Holland. He will point out to prospective emigrants the advantage of farming in Canada.

Flour Price Advances

Vancouver.—Family patent flour has advanced 30 cents a barrel here to \$1.00. Higher prices of wheat have been quoted in the market, but the cause, it is stated,

A Public Benefactor

George Eastman, Kodak King, who has just given stock valued at 15,000,000 to various educational institutions. Eastman is a self-made man.

Healthier Class Of Immigrants Now Coming

Ottawa.—The regulations requiring the medical examination of European immigrants have been relaxed and modified, and today there is a high standard of health among new arrivals in Canadian ports. Dr. J. A. Amyot, deputy minister of health, told the Tomlinson council of health here at the final meeting of a three-day conference. The \$200 fine on steamship companies for bringing diseased persons to Canada has been very effective, he said.

Raises Tuition

University Of Toronto Decides To Increase Rates

Toronto.—It was announced here by Sir Robert Falconer, president of the University of Toronto, that the board of governors of the university has decided to increase the annual tuition fee for students in university college from \$40 to \$75, the increase to go into effect in September, 1925. The university fee for examination remains at \$10, so that the combination fee will be \$85 instead of \$50 as at present.

Saskatchewan Liquor Bill

Amendments Dealing With Number of Places For Sale of Liquor

Regina.—Several amendments to the Liquor Bill dealing with the number of places for sale of hard liquor and quantities of liquor that may be purchased by the individual were approved by the legislature in committee. They provide for the following changes:

Power to the board to increase the number of places from which hard liquor and wine may be sold to a maximum of 25 in the province.

Reduction of the daily quantities that may be sold to the individual from four to two gallons of beer and from two to one gallon of wine.

Power to the board to increase a single sale to an individual to ten gallons of wine and two gallons of hard liquor with 14-day intervals between sales to the same individual.

Power to the board to adopt a merit system for sale to individuals if right contained in clause 3 is abused.

Millerand Opens Campaign

Former French President In Open Warfare Against Herriot Government

Paris.—Former President Millerand has opened his campaign against the Herriot Government.

At a banquet of 1,200 guests attended by members of the National Republican League, the former president and premier delivered a lengthy fighting speech which was cheered to the echo, in which he outlined his plans and invited all Republicans to join him in forming a centre bloc with the object of controlling the French Parliament.

The present government was declared to "threaten the order, finances and security of the country." It was dominated by the revolutionary Socialist party which had declined to assume an appearance of power, but which possessed the substance.

Endorses Merit System

Most Successful and Efficient One For Public Service Says Coolidge

Washington.—A statement by President Coolidge endorsing the merit system "as far as the most successful and efficient" one for the public as well as private business was read before the forty-fourth annual convention of the National Civil Service Reform League.

"Probably no system will ever be so far perfected as to assure satisfactory results in the selection of the personnel either for public or private business," said the president's statement.

"I am sure the merit system, which necessarily is the real basis for the personnel policy of most private employers, is by far the most successful and efficient one for the public service as well."

RESTORATION OF THE CROW'S NEST RATES EXPIRED

Ottawa.—Apart from its decision to summon Parliament for February, the Cabinet, at a lengthy sitting, discussed the Crow's Nest rate case.

While no decision was announced, the indications point to the Crow's Nest rate schedule being restored, as recommended by the railway presidents in their appeal to the Cabinet.

Opinion on the subject is divided, but the majority are said to favor overriding the railway commission and restoring the Crow's Nest rates, on the ground that Parliament did not intend that they should be interfered with by the board. Before any action is announced, it will be necessary to draft an order-in-council assigning all the reasons, and have it concurred in by the Governor-General. Meanwhile, unless the situation changes, favor restoration as an initial step towards the preparation for Parliament, in the coming session, of a uniform rate structure in all the provinces. An official declaration is expected Saturday.

Alberta Wheat Is Going to Orient

Great Growth in Exports in Last Three Years

Edmonton.—The growth in the Alberta grain exports to the Orient during the last three years has been phenomenal, especially in the grain trade in which section an increase of over 9,000,000 bushels is recorded over the exports of 1922. In 1923 the exports of grain increased over 2,000,000 bushels over the preceding year, while the increase in 1924 over 1923 will be well over 8,000,000. The increase at the end of October was 6,750,000 bushels, and exports during November and December were extremely heavy.

Forecasts Next Move In British Politics

Arthur Baxter Expects Lloyd George To Support Prohibition

Toronto.—Support of the cause of prohibition by Lloyd George and the Liberal party may be the next move in the checkboard of British politics, in the opinion of Arthur Beverly Baxter, managing editor of the London Daily Express.

Further, Mr. Baxter is convinced that Lloyd George has already taken the matter under consideration and ventures a number of political prognostications that probably will not be far wrong. He expects that the Liberal party, which has had a record of 1,000,000 votes in the last election, will be the next to appeal to the people, mainly by British Liberalism.

Moscow Involved In Estonian Revolt

Foreign Minister Declares Uprising

Financed by Soviet Government

Berlin.—Documentary evidence proving Moscow's responsibility for the recent Communist revolt at Revel will be presented to the League of Nations, according to a statement made by the new Estonian Foreign Minister, M. Jushta, outlined in a special dispatch received here. The foreign minister, according to the message, charges that the Soviet Government supplied the insurrectionists with arms and munitions and placed ten million Estonian marks at their disposal.

Manitobans Will Lose Heavily

Many Were Shareholders in Bankrupt Music Publishing Co.

Winnipeg.—Shareholders in the Winnipeg Publishing Company of Winnipeg, music publishers, will not get 10 cents on the dollar, in the opinion of A. W. Kilmer, a lawyer of Kilmer, May, representing the shareholders.

The Illinois member added that August 10, 1924, he had received a desire to participate in such a settlement, as he suggested either Australia, Canada, or Honolulu as suitable places for the proposed conference, "so as to take it away from the political machinations of Washington."

Cartwheels To Re-appear

New York.—Shining silver dollars, the old-time "cartwheels," will reappear in general circulation here this Christmas after several years' absence. The silver dollar has been in eclipse for a decade, in fact, ever since thrifty Hindus began burying wartime silver in India.

Registered Seed Grain

Moose Jaw.—Operations on a large scale by the plant of the Saskatchewan Registered Seed Grain Co-operative Association, were inaugurated with the receipt of two carloads of seed grain. The company's previous operations for the season have been confined to handling seed grain in small lots at the tiller-grain grain elevator.

320,000 For Emigration
Victoria.—The Canadian legislature has voted for \$300,000 for immigration purposes, the money being required principally to cover the cost of bringing 500 Hebrew laborers to the west coast of Vancouver Island.

More Flour For Export

Growth of Canadian Industry Shown In Larger Traffic Down Lakes

Vancouver.—Patricia, the Canadian freight liner, the business of the past season was exceptionally brisk on the Canadian Pacific Great Lakes steamship service. For the first time since 1913 the Canadian Pacific was able to keep its whole fleet of package freighters going continuously throughout the seven months which constitute the Great Lakes season.

An outstanding feature of the season's handling was the very large increase in export flour business. Of the 300,000 tons of flour carried down by the Canadian Pacific steamers, it is estimated that 75 per cent of it was destined for export.

Flour hundred persons, unable to gain admittance in the town hall across the street and heard the services by radio. Other thousands stood reverently in nearby streets.

Alberta House Opening

Edmonton.—That the legislature will not meet until February is now the probability. It had been anticipated by the government that an early January session would be called, but the delay occurring in the natural resources conference and Premier Grosvenor's detention in the east for a longer time than he expected have ruled out any possibility of holding to even the approximate time set by the legislature.

Plan Radio Debate

Montreal.—An inter-collegiate debate through the air will be a novelty or the near future if a challenge to United States universities, broadcast by McGill University through station CHYC here, is accepted.

It is understood that negotiations are already under way with New England institutions.

Impressive Service For Samuel Compers

Thousands Stood in Streets Unable To Gain Admittance

New York.—Impressive funeral services were held for Samuel Compers at the Elks Club, after which the body was taken to Tarrytown for interment in historic Sleepy Hollow Cemetery.

The great assembly hall of New York Lodge No. 1, draped in the mourning purple of the order, was crowded to capacity.

Five hundred persons, unable to gain admittance into the hall, assembled in the town hall across the street and heard the services by radio. Other thousands stood reverently in nearby streets.

Alberta House Opening

Edmonton.—That the legislature will not meet until February is now the probability. It had been anticipated by the government that an early January session would be called, but the delay occurring in the natural resources conference and Premier Grosvenor's detention in the east for a longer time than he expected have ruled out any possibility of holding to even the approximate time set by the legislature.

Egyptian Trouble

Cairo.—The Egyptian Government of Ziwir Pasha has refused to convocate the national parliament, it was announced, despite the petitions for such convocation sent to King Fuad and the demand from parliament and other quarters.

College Residence Burned

Saskatoon.—Fire caused by an overheated furnace pipe gutted a six-storeyed residence at Emmanuel Anglican College at the University of Saskatchewan. About \$500 damage was done, which was covered fully by insurance. Nine students occupying the building suffered loss of books and personal effects.

A BEAUTIFUL CALENDAR

The calendar to be given by the Family Herald and Weekly Star, of Montreal, to subscribers whose subscriptions are received in time, is a most beautiful work of art. The figure of the girl, the landscape, and the picture, entitled "The Sale of Old Dobbins," is a masterpiece in colors, suitable for framing. The subject of the painting is so full of humor that it will be a joy to all who are fond of looking at it. In addition to the calendar and picture, the Family Herald offers to each subscriber an opportunity to win a sum of five thousand dollars in an easy and interesting contest. A catalogue of valuable articles which are given as rewards for non-subscription can also be obtained from the publishers of the Family Herald. The Family Herald as an interesting journal carries everything before it.

Here and There

Agricultural products harvested in British Columbia during 1923 were nearly \$4,000,000 in excess of the 1922 total, according to the annual report of the provincial department of agriculture. Total production for 1923 was \$59,159,798.

The ninth winter carnival at Banff, Alta., will be held from February 7 to 14, 1925. The curling competition in connection with the carnival will run concurrently from February 9 to 14. Revelstoke has fixed its carnival dates for February 5, 6 and 7, 1925.

Tourists to the number of 100,000 are estimated to have entered the Province of Nova Scotia during the past season. These people have left approximately \$7,500,000 in the province, an increase of 25 per cent over the previous year. The number of motor cars entering the province during the tourist season exceeded 11,000.

Canada Book Week was held from December 1 to 6 this year. Addresses, radio broadcasting and special displays in stores throughout the country drew attention to the objects of the week, which are to promote the reading of good books generally and to foster Canadian literature. The week was, as usual, a distinct success.

The foolhardy recklessness of certain motorists was recently strikingly illustrated at a public crossing on the Canadian Pacific Railway line at Blind River, Ontario, when a speeding auto approached the crossing so rapidly that the driver was unable to pull up, and ran his car into the side of a train which was passing at the time. Fortunately, no one was injured.

In recognition of its excellent exhibits at the 1924 exhibition at Toronto, the Canadian Pacific Railway has been awarded one of the specially struck off for presentation to the Dominion and Provincial governments, and to a limited number of other exhibits whose high class entries in the live stock and agricultural departments won them championship prizes.

The plans for the construction of an immense amusement centre at Victoria, B.C., to be called the Crystal Gardens, have just been announced by the Canadian Pacific Railway, which is responsible for the scheme. The gardens will include a 500-foot swimming pool, 100 feet long, and a series of dancing floors, with 100 rooms, and a gymnasium. Great quantities of plants, vines and shrubs will be grown in the structure, which is on the lines of a vast conservatory, containing 36,000 square feet of glazed glass roof surface.

PROVINCIAL WORK FOR UNEMPLOYED

Active measures to deal with unemployment have been taken by the Alberta government during the past month. As far as possible various public works in the province have been kept under way, providing for the employment of several hundred men.

In a statement to the press, Hon. Alex. Ross, minister of public works, outlined this week the work which the government has under way. A total of 110 men are now employed on bridge work throughout the province, and a similar number are employed on graveling, as weather permits. Contracts have been let for 75,000 feet of piling. Of this quantity about 50 per cent will be creosoted, a new departure, which will add life to the timber. The same is being done with a large proportion of culverts, which will now be built of native timber and creosoted. Orders have been placed for a million feet of timber for bridges, and orders for another million feet will be placed shortly.

During his eastern visit, Premier Greenfield has impressed upon the railways the desirability of ordering coal from the steam coal mines of the province. As a result orders have been placed and several of these mines were opened up the past week. The railways, have also been asked to make an effort to place orders for as soon as possible.

The department of public works is also getting out figures on quantities for contracts for rock cutting on the highway through the Crows' Nest Pass, work on which will be undertaken as speedily as possible.

BEAUTIFUL CALENDAR FREE

Subscribers to the Family Herald and Weekly Star of Montreal, have been advised that they will receive free of charge a beautiful calendar for 1925 with a most attractive picture in colors entitled, "The Sale of Old Dobbins." When one considers that the subscription price of this big 16-page family and farm journal is only \$2.00 per year, one is amazed by the value received, but with a beautiful picture calendar thrown in, the value is indeed superlative.

For the first time in the history of Vancouver, the greater part of the harbour became covered with a thin sheet of ice during the recent cold snap. It became necessary to employ a steamer to break up the ice.

Figured in Historic Sod Turning

This antique-looking wheelbarrow and spade do not appear capable of very heavy service, now, but nearly half a century ago they carried the weight of a very important event—the ceremony marking the commencement of the construction of the Canada Central Railway through Pembroke, Ontario. Following the ceremony, the spade with which the first sod was turned and the wheelbarrow in which it was removed, were presented to a very enthusiastic crowd. They were presented to M. M. P. Morris, daughter of the Reeve of the village, the lady who performed the ceremony of the naming of the road and christening it with a bottle of champagne. They recently took over the Canadian Pacific Railway, which company took over the Canadian Central in 1882, and will be added to the collection of relics connected with the early days of the railroad which is being formed in Montreal.

Very much for the actual ceremony. The Pembroke "Observer" for September 3rd 1875 says: "The assembly then adjourned to a spacious booth that had been specially erected for the occasion, where champagne and beer had been provided for the purpose of drinking several toasts which had been proposed and accepted by the chairman, but a number of individuals, apparently more intent on drinking champagne than on doing toasts, took possession of the tables, and the regular order of the programme had to be abandoned. The Pembroke Brass Band was present and performed some popular airs."

HOCKEY PICTORIAL — SECOND EDITION

The second edition of the Hockey Pictorial is on the market. It contains 100 illustrations and is a much improved edition, which was received with much acclaim by followers of the great winter sport.

Most favorable comments have been passed upon the publication by sport writers of the continent, over the general opinion expressed by players and scribblers that "no more comprehensive or handsomer book in the sporting line" was ever printed.

A feature that should possess a marked appeal not only to marksmen of the present, but to old timers, are the many group pictures of champion teams, dating back to the early history of hockey.

The new edition not only contains the history of hockey in Canada but covers the history of the game in the United States also, with 300 handsome engravings of Canadian and American teams, and is right up to the minute in every respect. Any further information pertaining to the book can be obtained by writing to the Hockey Pictorial, 84 Victoria St., Toronto, Ontario.

THE RULING PASSION

He owned a handsome touring car. To ride in it was heaven.

He ran across some broken glass—Bill \$14.97.

He took some friends out for a ride—Twas good to be alive.

The carburetor threw a fit—Bill \$20.85.

He started on a little tour, The finest sort of fun.

He stopped too quick and stripped his gears—Bill \$90.51.

He took his wife downtown to shop, To save carfare was great;

He jammed into one lamp post—Bill \$268.

He spent about all that he had, And then in anguish cried:

"I'll put a mortgage on the house And take just one more ride."

Elks are not much sought after in Blairmore, but one ventured to enter the city of Toronto the other day and was soon completely eaten up.

New York police have placed a ban on crossword puzzles. They are taking up too much time of minds that could be better occupied.

ROADWORK IN 1924

About 400 miles of main highways were completed in Alberta during 1924 under the five-year programme authorized by the Legislature last session, which contemplates a total expenditure of \$3,500,000. The work was done on the chief tourist highways in the province, and as a result a total of \$250,000 has been earned by the province of the federal aid grant. Next year's programme contemplates the building of about 500 miles of highway. The department of public works will concentrate next year more on the bringing of roads up to standard rather than building an extended programme of clay roads. Work is also being done on the Jasper highway and the Peace River highway.

According to the figures from the department of immigration at Ottawa, there has been a total immigration into Alberta, during the eight months of 1924, from April to November, of 9262, of which 6458 were from overseas and 2800 from the United States.

Production of honey is appearing for the first time in the annual table of Alberta agricultural products. It is estimated that there are now 160 bee keepers in Alberta and that the production the past season was 55,000 pounds, or about \$13,000 in value.

About the only commercial commodity being distributed throughout Canada in large quantities, from which no local agent or town is permitted to derive a profit, is calenars. Every municipality should stand for a stiff tax on this luxury to be paid direct by the manufacturer.

GOVERNMENT LIQUOR CONTROL ACT OF ALBERTA

APPLICATION FOR BEER LICENSE

PUBLIC NOTICE is hereby given that the undersigned intends applying for a license to sell beer by the glass or open bottle, for consumption in conformity with the provisions of the Government Liquor Control Act of Alberta, and the Regulations made thereunder, with respect to the following premises:

THE FRANK HOTEL, a two-story frame building, located at Lakeside (17) and eighteen (18) in Block twenty-eight (28), in the Village of Frank, Alberta. The beer saloon is located in the second story, on the main floor, with an entrance from the roundabout on the west side and from Main Street on the south front. House contains eleven furnished rooms for guests.

DATED at Frank, Alberta, this 3rd day of December, A.D. 1924.

ALBERT KRYWOL, Applicant.

ADDITIONAL LOCALS

If you've still got the neighbor's lawn mower in the cellar, it would be a good time to return it and borrow his snow shovel.

Church Union seems to be occupying about as much space in the daily press as was occupied by the prohibitionists a short while since, and the subject is every bit as uninteresting and unpopular with readers.

Miss McKay, of Calgary, has been engaged as an additional teacher by the Coleman school board, her duties to commence after the Christmas holidays.

Mr. Alex. Morency has sufficiently recovered from his recent operation for appendicitis, to be able to move from the hospital to his home on Tuesday.

Owing to lack of quorum there was no meeting of the council on Monday night. Councillors Evan Morgan and W. Patterson and Secretary Wright put in an appearance.

Georgs Patterson is a candidate in the Alberta "Oddfellows" "Free Trip to Portland" subscription campaign, and is doing so well that in his sleep last night he actually called the sleeping car porter. He's off!

The Canadian Oil Company, Limited, intend erecting a large tank and warehouse in one of the Pass towns for the wholesale distribution of their White Rose Gasoline and En-ar-co Motor Oil. If weather moderates sufficiently, building will start early in January, so their present agent, W. M. Bush, informs us.

Fernie has adopted a new by-law governing dances, requiring a license fee of 50 cents from the manager of a dance, that all public dances must close at or before 1 o'clock in the morning, and that no person be allowed to enter a dance hall who is under the age of sixteen years, unless accompanied by one or both parents. It also makes all public dances subject to police inspection.

The following university students returned last week end from Edmonton, to spend the Yuletide at their homes: George Kafouris, Lindsay Carter, Wilfred Dutil, Roland Piché, Robert Thompson, Miss Eleanor Farmer. And from the Calgary normal school—Miss Floss Warner, Miss Marguerite Wiswell, Miss Sarah McVey, Miss Mary Kroli and Miss Benvenuta Pazzi, while Messrs. Charles Howe and Desire Giese, who have been attending the Calgary school of technology and art, returned on Wednesday morning.

That Fellow Feeling

YOU are all wrapped up in the merchandise that fills your store. You enthuse over the quality of this article and that line. You probably display attractively, too.

All you need now is to transmit your enthusiasm to the buying public of your community—and your goods will move out and profits roll in.

ADVERTISE. For advertising makes the customer as you do about the goods you have to sell: Every time you talk to prospective buyers through an advertisement in the enterprise, you are increasing the fellow feeling that brings business to your store.

"AN ADVERTISEMENT IS AN INVITATION"

Aberdeen Angus Stock Capture Prizes

McGregor-Bred Cattle Big Winners at the Recent International.

At the recent Chicago International Exposition, the records show that there were twelve Aberdeen Angus animals exhibited from the Glenarmock Farms herd of James D. McGregor, of Brandon. These animals were all two years of age and were bred by Mr. McGregor and calved on Glenarmock Stock Farms. They were sold last spring to Mr. H. O. Harrison, of San Francisco, and Hartley Stock Farms, Page, North Dakota, and were exhibited by these two breeders at the International at Chicago.

These animals won in their respective classes six first prizes, three second prizes, two third prizes and one fourth prize. Taking into consideration the fact that the Aberdeen Angus exhibit this year was, by far, the strongest, even shown, there being twenty-five to thirty-five animals in each class, this probably constituted a record win for this big show for animals all originating from one herd.

As well as winning individually the above mentioned prizes in their respective classes, they also won first and second group of three bulls and first and second group of three heifers.

It is interesting to note that these animals were all sons and daughters of the world-famous Blackdown Revolution, the grand champion "Aberdeen Angus" bull at the Chicago International last year, who, by the way, was sold last year, to Mr. McGregor and sold by him for \$15,000 cash during the week of the fair.

While Blackdown Revolution has already distinguished himself as an outstanding show animal, his success as a sire is fast becoming fully as noteworthy, as is evidenced in the high honors awarded these animals from the Blackdown Farms herd at the 1921 Chicago International Exposition and also at all the leading American and Canadian fairs held during the summer and fall.

Seven women law students were called to the English bar on call night. These bring the number of women barristers to 41.

McGregor, who says another of the above-mentioned sons of Sir Leo Stock has been arrested by the police.

Twenty students and officers are held by the authorities and have been released.

One-fifth of all fatalities by accident in the United States in 1922 were caused by automobile accidents according to figures made public by the census bureau.

Ward had been recruited in Toronto that Bishop Fallon, of London, Ont., will be the spiritual director of the Pilgrimage to Rome which the Roman Catholics have been invited to make from Canada next year.

Legislature has passed a bill of \$20,000 for immigration purposes, the money being required primarily to cover the cost of bringing 500 Hebrew fishermen to the west coast of Vancouver Island.

For Frost Bites and Chilblains—

Canadian citizens from the front of the cold and cold, and feel the frost of the icy winds of winter. In the treatment of either an excruciating pain, when emergencies have arisen to treat as the "caterpillar of the industrial family." The main reason for this attitude of neglect has been the inability or disinclination of politicians to recognize the intimate connection between the nation's security and the nation's supply of home-grown food, between the decay of arable farming and the growth of unemployment—London Times.

Increased Vancouver's Population

Annealing of the municipality of South Vancouver to the city, which is in prospect, the result of the citizens voting favorably thereon, will add 40,000 to the city's population of 125,000, making a total of 165,000 with in the city limits.

In the English navy in odd times when a ship captain wished to discharge his crew, he had to give them notice of his intention by taking away the tablecloth three meals in succession.

Pilgrims To Site Anne

Official figures given out by the Quebec Power Company show that 282,000 pilgrims from all parts of Canada and the United States visited the Site Anne de Beaupre shrine during the year.

"How do you find marriage?"

"During courtship I talked and she listened. After marriage she talked and I listened. Now we both talk and the neighbors listen."

Contentment comes only to those who want but little and are satisfied with less.

Canada's Gold Production

With Over-top Total Production in U.S. in 1922 is Prediction

Hon. Charles McCrea, minister of mines for Ontario, estimated the output from the mines of the province this year at franc between \$40,000,000 and \$75,000,000. He laid particular stress on the increase in gold production and stated that by 1923 Ontario was expected to over-top the total production of the United States.

Pilgrims To Site Anne

Official figures given out by the Quebec Power Company show that 282,000 pilgrims from all parts of Canada and the United States visited the Site Anne de Beaupre shrine during the year.

"How do you find marriage?"

"During courtship I talked and she listened. After marriage she talked and I listened. Now we both talk and the neighbors listen."

Contentment comes only to those who want but little and are satisfied with less.

Keep Minard's Liniment in the House

A CHRISTMAS WISH

I wish to you the season's joy, And "Merry Christmas" cry; I wish that peace may fall on you As snowflakes from the sky— And when the winter storms shall rage

That you may harbor find; Well sheltered by the blazing logs, Safe from the stinging wind.

I wish for you this Christmas Day That all that earth may hold: Of joy, and happiness and love— Before you may unfold—

And that throughout the coming days You'll be of health and year.

You'll find each day is marked for you With some of Christmas cheer.

I wish for you today, Small scatter pieces and sunshine Through the seasons, in your way.

Soviets Are Peaved

Send Caustic Note to United States Over Siberian Matter

Because the United States Coastguard vessel Bear in 1920 affixed a brass plate to the rock on the Chukotka Peninsula in Emma Bay, Cape Pusino, Siberia, near Bering Strait, bearing the inscription "United States Geodetic Survey" and "To disturbing the plate, \$250, due of indemnity," George Tchitschirin, Soviet minister of foreign affairs, has sent a caustic note to Secretary of State Hughes at Wash-

ington.

M. Tchitschirin asserted that the dis-

covery of the plate shows that mag-

nificent observations had been carried

out in 1920 and subsequent years by the Bear.

"I must emphasize that the erec-

tion of the foregoing plate and the

threat to Soviet citizens, inscribed on

it, constitute a gross violation of the

sovereignty of the Soviet Republics."

The Bear, Tchitschirin added, "is

not obliged to notify you that such violation of the legi-

timacy of the government of Soviet

Republics, if repeated, will be sternly

repressed by the Soviet Government."

Another Mammoth Airship

U.S. Plans One Much Larger Than Any Yet Built

United States navy air experts have

disclosed to Congress plans for a 6,

000 cubic foot capacity airship,

which would dwarf the 2,600,000 capa-

city Los Angeles, and much larger than

the two new 5,000,000 capacity

ships ordered by the British Govern-

ment for commercial use. Between

the two new British airships, the

U.S. plan would be 252 feet in length,

as compared to the 633-foot Los Angeles,

which is the world's largest airship.

One-fifth of all fatalities by accident in the United States in 1922 were caused by automobile accidents according to figures made public by the census bureau.

Ward had been recruited in Toronto that Bishop Fallon, of London, Ont., will be the spiritual director of the Pilgrimage to Rome which the Roman Catholics have been invited to make from Canada next year.

For Frost Bites and Chilblains—

Canadian citizens from the front of the cold and cold, and feel the frost of the icy winds of winter. In the treatment of either an excruciating pain, when emergencies have arisen to treat as the "caterpillar of the industrial family." The main reason for this attitude of neglect has been the inability or disinclination of politicians to recognize the intimate connection between the nation's security and the nation's supply of home-grown food, between the decay of arable farming and the growth of unemployment—London Times.

Increased Vancouver's Population

Annealing of the municipality of

South Vancouver to the city, which is

in prospect, the result of the citi-

cians voting favorably thereon, will

add 40,000 to the city's population of

125,000, making a total of 165,000 with in the city limits.

In the English navy in odd times

when a ship captain wished to dis-

charge his crew, he had to give them

notice of his intention by taking away

the tablecloth three meals in suc-

cession.

Pilgrims To Site Anne

Official figures given out by the

Quebec Power Company show that

282,000 pilgrims from all parts of

Canada and the United States visited

the Site Anne de Beaupre shrine during the year.

"How do you find marriage?"

A CHRISTMAS WISH

Do not catch cold—take
SCOTT'S
EMULSION

Success With Alfalfa

By James D. McGregor, Glenarmock Stock Farms, Brandon, Manitoba (Part 3—Continued)

When seeding alfalfa, sow from

twelve to fifteen pounds of alfalfa seed

to the acre and use a grass seeder at

attachment on your grain drill. We

have found that this is the most satis-

factory way as the seed is then evenly

distributed. Sowing too light and harrowing may increase the seed.

Mixing the grain with the seed usually results

in a poor stand and thinning is

then required.

The depth of seeding depends some-

what on the character of the soil; the

lighter the soil the deeper the seed

may be planted without danger of its

being hindered too greatly in reaching

the surface. It is best to plant as

near the surface as possible, and have the

seed covered more than

1/2 inches as very slow in reaching

the surface, and may not do.

This is as long as the alfalfa sprout seems to

be capable of growing from the seed.

It is best to have great depth in seed

so that the seed will be such an extent

that the alfalfa will be unable to push

through.

We have noticed that where sweet

clover was sown and plowed under,

and the land then seeded to alfalfa,

the alfalfa succeeded exceptionally.

Sweet clover grows more vig-

orously than alfalfa and the root

being more tender the bacteria are

able to grow on them with greater

ease than on alfalfa.

We have observed that where sweet

clover has never been grown, sweet

clover may be used as a preparation

for alfalfa.

Alfalfa and sweet clover

clover from seed, or that there

would be very little of it appearing the

second year.

If alfalfa is sown without a crop,

the crop mower must be used every

two to four weeks.

If alfalfa is not mowed often,

it grows tall and spindly.

It is best to plow the land in the

fall and then harrow it in the

spring.

It is best to plant the

alfalfa in the fall and the

spring.

HILLCREST HAPPENINGS

Mrs. A. Amphlet is recovering as well as can be expected from her recent indisposition.

Ed. Royle journeyed to Blairmore on the 22nd, on a most dangerous expedition, but came out all right with the assistance of O'Neill's patent medicines.

Royle's newly organized orchestra is meeting with much success, having already been booked for several engagements early in the new year. This orchestra is composed of entirely of local talent.

On Monday evening, close on to 100 children were entertained at the Castle hall by the Pythian Sisters to a little celebration in honor of Christmas. In addition to the musical programme, each child received a present. One of the most interesting items on the programme was a boxing match, in full boxing outfit, by two well known ladies, which created an endless amount of fun.

At the residence of Mr. and Mrs. John Dudley a merry party was held on the evening of the 17th, to celebrate the fifteenth birthday of their daughter Irene. The party consisted of Misses Brownie Grender, Jessie Grenier, Olive Howcroft, Jessie Colman, Fern Maddison, Nellie Royle, Alice Dercoll, Mary Douglas and Margaret Grant. After a splendid repast, the rest of the evening was spent in singing and dancing, Miss Nellie Royle at the piano.

Minneapolis, Minn. May 22

COWLEY HAPPENINGS

Mr. Hildidge was a Saturday business visitor to Lethbridge.

Mr. Hildidge has resigned his position as principal of the school here, we are sorry to say.

Dick Alexander has gone to Revelstoke to spend Christmas with his sister and family there.

Ralph Easterbrook has returned from Calgary to spend the holidays with his mother and family.

Miss Mary McRitchie, who had been in this district for several weeks, has returned to her home in Fernie.

Mrs. Stoutsenberg, of Tennessee district, has gone to Calgary to spend the season's holidays with her parents.

Mr. and Mrs. Roland Easterbrook and daughter Elva have gone to Wrentham to spend Christmas with Mrs. Easterbrook's parents.

Miss Helen Morrison, who has been attending normal school in Calgary, arrived on Saturday morning's train to spend the Christmas holidays with her parents.

Mrs. James Gilmer, who went to Great Falls, Montana, to attend her sister's funeral, took sick while there and will not be able to come home for a few days.

Owing to severe cold weather conditions a small crowd attended the whist drive held on Wednesday evening of last week. The lucky winners of prizes were: Ladies' first, Mrs. Smith (silk scarf); gentlemen's first, Dick Alexander (silk scarf). The booby prizes were awarded to Miss Muriel Murphy and Fred Snyder. Mrs. Bunning, Mrs. Doyle and James Gerry were on the committee. Dancing was enjoyed for an hour or two.

The Christmas entertainment, held in Tustian's hall on Saturday last, was one of the best of its kind ever put on here. The larger pupils, who were drilled by Mr. Hildidge, did credit to him, considering the short time they had to spend in preparation, while the smaller pupils, drilled by Mrs. Bundy, did very well. The Cowley orchestra added a new and very attractive feature to the programme. Many comic and beautiful costumes were worn by the performers. The hall was tastefully decorated and we make special mention of the stage, which was unusually pretty, being illuminated by electric footlights supplied by Roland Easterbrook. As usual, on this occasion the hall was crowded. After the presents were distributed by old Santa Claus, the hall was cleared and dancing was kept up at a lively pace till midnight.

SANTA CLAUS TREATS PYTHIAN CHILDREN

At supper time on Christmas Eve Santa Claus paid a visit to the local Lodge hall, where he met and treated liberally the children of the Knights of Pythias and Pythian Sisters. About one hundred kiddies were present, accompanied by their parents.

Prior to the arrival of Santa from Bellevue, a programme of songs, choruses, recitations, etc., was given by the children.

Refreshments were served about 6:30, when several large tables were laden heavily with nuts, cakes, candies, etc.

Santa on this occasion appeared younger considerably and recognized many of the old timers present.

Santa Claus has the distinction of being the first individual to actually travel into Blairmore from a distant point by radio.

A WEEKLY MAGAZINE of what the people think, say and do

Grand Subscription Campaign

\$50,000
MORE OR LESS

IN CASH PRIZES Free to Subscribers A COMPETITION OF SKILL

HOW MANY WORDS IN THE ENGLISH LANGUAGE CAN YOU MAKE FROM THE WORDS—

"Jack Canuck, Toronto"

No proper names are to be used. Webster's English dictionary will decide. In event of ties, prizes will be divided pro rata.

YOUR SKILL MAY WIN YOU A FORTUNE

With you help we are going to make Jack Canuck the greatest of all Canadian magazines, a magazine fearless in criticism, untrammeled by the big interests, devoted to the common people.

OUR OBJECTIVE, 100,000 NEW SUBSCRIBERS

Cut out the form below, fill in your name and address, attach it to your list of words, enclose the regular subscription price of \$3.50 per annum and mail it to Circulation Department, Jack Canuck Publishing Co., Limited, 319 Bay Street, Toronto, and you will be instrumental in making Jack Canuck a success.

The amount of money to be divided will be based on the number of words and the results will be paid in 50 cents for each new subscriber received. Thus, if the objective of 100,000 new subscribers is reached, the amount will be \$50,000.00, divided as follows—

To the first subscriber sending in the largest correct list	\$20,000.00
second	10,000.00
third	5,000.00
fourth	3,000.00
fifth	2,000.00
sixth	1,000.00
seventh	500.00
eighth	300.00
ninth	200.00
Eighty prizes of \$100.00 each	8,000.00
Total	\$50,000.00

Eighty-Nine Prizes 89 **Eighty-Nine**

Competition closes on the first day of March, 1925, at 12 o'clock p.m. Rush your entry and get a place among the big winners.

Aberdeen Angus Stock Captures Prizes

McGregor-Bred Cattle Big Winners at the Recent International. At the recent Chicago International Exposition, the records show that there were twelve Aberdeen Angus animals exhibited from the Glencairn Stock farms herd of James D. McGregor, of Brandon. These animals were all under two years of age and were bred by Mr. McGregor and caressed on Glencairn Stock Farms. They were sold last spring to Mr. H. O. Harrison, of San Francisco, California, and Harley Stock Farms, Page, North Dakota, and were exhibited by these two breeders at the International.

These animals won in their respective classes six first prizes, three second prizes, two third prizes and one fourth prize. Taking into consideration the fact that the Aberdeen Angus exhibit this year was, by far, the strongest ever shown, there being twenty-five to thirty-five animals in each class, this probably constitutes a record win for this big show, for animals all originating from one herd. As well as winning individually the above mentioned prizes in their respective classes, they also won first prize of the class of cattle and first and third junior herd.

It is interesting to note that these animals were all sons and daughters of the world-famous Blackbean Revolution, the grand champion Aberdeen Angus at the Chicago International last year, when shown by Mr. McGregor and sold by him for \$15,000.

The former Dowager Empress of Russia, Marie Feodorovna is seriously ill at her chateau near Copenhagen, suffering from heart trouble.

The net gain in the population of Australia from immigration during July, August and September, 1924, was 10,900.

The city council of Dresden, Germany, has passed a resolution to provide free hospitals for its citizens. The motion was introduced by Communists.

To teach wives and servants the uses of electricity in the home, a Women's Electrical Association has been formed in London.

Seven women law students were called to the English bar at night. These bring the number of women barristers to 41.

Disparities from Cairo say another of the alleged members of St. Louis Stock has been arrested by the police. Twenty students and officers are held by the authorities have been released.

British airship pilots, who were in the United States in 1923, were caused by automobile accidents, according to British news public by the excess curvature.

Word has been received in Toronto that Bishop Fallon, of London, Ont., will be the spiritual director of the Pilgrimage to Rome which the Roman Catholics have been invited to make from Canada next year.

Legislature has passed a vote of \$20,000 for immigration purposes, the money being required principally to cover the cost of bringing 500 Newfoundland fishermen to the west coast of Vancouver Island.

Soviets Are Peed

Send Caustic Note to United States Over Siberian Matter

Because the United States Coast Guard vessel Bear in 1920 affixed a brass plate to a rock on the Chukotka Peninsula in Emma Bay, Cape Pusino, Siberia, near Behring Strait, bearing the inscription "United States Geodetic Magnetic Station," with the words "For disturbing this plate, \$250 fine" to the Soviet Tschetshirin, Siberian minister of foreign affairs, has sent a caustic note to Secretary of State Hughes at Washington.

M. Tschetshirin asserted that the discovery of the plate shows that magnetic observations had been carried out in 1920 and subsequent years by the Bear.

"I must emphasize that the erection of the foregoing plate and the threat to Soviet citizens, inscribed on it, constitute a gross violation of the sovereignty of the Soviet Republic," the note said.

"I am obliged to notify you that such violation of the legitimate rights of the union of Soviet Republics, if repeated, will be sternly repressed by the Soviet Government,"

U.S. Plays One Much Larger Than Any Yet Built

United States navy experts have disclosed to congressional committees a plan to construct a 6,000,000 cubic foot capacity airship, which would dwarf the 2,600,000 capacity Los Angeles, and much larger than the two new 5,000,000 capacity airships ordered by the British Government for commercial use between England and Australia.

The proposed plan, "Aerostat," would be 1,000 feet long, 100 feet wide, and 1,000 feet high.

It would be built at Los Angeles, where a larger dirigible, 1,250 feet long, 150 feet wide, and 1,150 tons, compared with that of the Los Angeles. The circumferential radius of the big ship would be 7,500 nautical miles without refueling.

It would be built at the British naval air station at Farnborough, England, and would be used for transatlantic flights.

SCOTT'S EMULSION

Success With Alfalfa

By James D. McGregor, Glencairn Stock Farm, Brandon, Manitoba
(Part 3 - Continued)

When sowing alfalfa, sow from twelve to fifteen pounds of alfalfa seed to the acre and use a grass-seeder attachment on your grain drill. We have found that this is the most satisfactory way to seed the seed evenly distributed. Sowing broadcast and broadcast must succeed if there is plenty of moisture. Mixing the grain in the seed box usually results in an uneven stand.

The depth of seeding depends somewhat on the character of the soil; the lighter the soil the deeper the seed should be planted without danger of its being hindered too greatly in reaching the surface. It is best to plant as shallow as possible and have the seed as moist as possible. Sow covered more than $\frac{1}{4}$ inches in very slow in reaching the surface, and may not do so. This is as long as the alfalfa sprout seems to be capable of growing from the seed. There is great danger in seeding too deep, even though a heavy rain may cover the seed and bury the soil to such an extent that the alfalfa will be unable to push through.

We have noticed that where sweet clover was sown and plowed under, and the land then seeded to alfalfa, the alfalfa succeeded exceptionally well. Sweet clover grows more vigorously than alfalfa, and the rootlets, being more tender, the bacteria are able to grow on them with greater ease than on alfalfa. We have observed on our farms that where alfalfa and sweet clover were sown together without inoculation, and later without inoculation, and later without inoculation, the sweet clover was very little if it appeared the second year.

Alfalfa is sown without a nurse crop - the nurse must be used every two to four weeks. If alfalfa is not sown often, it grows tall and thin, becomes open to the bloom and produce seed, turns yellow and dies. Mowing during the first summer prevents this, but the strength of the plants is greatly reduced. This is the established method of success. Under favorable conditions the alfalfa may undergo great growth, even though it should be cut to the ground.

The general aim should be to

Canada's Population

Has Increased By Nearly Half a Million Since Last Census

Canada's population has increased by nearly half a million since the last census was taken in 1921, according to statistics which show an increase of 490,000, or 49,740, as compared with the 1911 population of 9,788,482.

Local and General Items

Mrs. G. A. Vissac has been spending a few days in Calgary.

Miss M. E. Rae, of the local teaching staff, is spending the Christmas holidays with friends at Moose Jaw.

Upwards of \$200 was netted from the Turner Benefit hockey game at Bellevue on Saturday night.

A gentleman should never stop on the streets when to blow his nose, as it's a sign that he belongs to the Ku Klux Klan and is liable to arrest.

Mr. and Mrs. W. Bennett, of the McMechens Ranch, Burns, were business visitors to Blaimeore on Tuesday.

Teddy Royle is suffering from the after effects of a severe bite on the leg by a guy named Jack. Jack Frost, probably!

One paper remarks in defense of the radio that the radio relieves nerve troubles. Well, we have been thinking that some persons must have unusual nerve to buy radios.

In advocating another general strike, through which all miners and their families would suffer, President Sherman does not suggest a reduction of his stipend as an agitator.

Joseph Bond and family arrived in town on Friday last from Lethbridge and will reside here in future. Mr. Bond having accepted a position as teacher at the local school.

Mr. W. L. Evans returned Tuesday night from Nakusp, B.C. Mr. Evans reached his brother's bedside but a few minutes before death came. The remains of the late Mr. Jarret Evans were laid to rest at Nakusp on Sunday afternoon.

W. R. Wilson returned on Wednesday from a business trip which took him to Winnipeg, St. Paul and Spokane. W. R. was looking for coal business and he got it. It is well for Fernie in these trying times that it has a man of the calibre of Mr. Wilson at the head of its chief industry. Give him a chance. He will yet put this town on the map right—Fernie Free Press.

Major G. G. Henderson returned to Fernie last week from a several week's visit to Ontario, where he acted on behalf of the Home Bank depositors. He states that he is practically certain that the federal government will shortly make a very substantial reimbursement to the Home Bank for the losses they incurred in the failure of that institution.

the Charbonnel Cup was played between Coleman and Fernie on the former's ice on day night, and resulted in a win for Coleman by a six to two score. The score does not in any way represent the play or strength of the contestants, for the judge of play, Rev. Tommy Clark, gave the game the best of play.

Overcoats

Wears in The Pass

Over

Christmas passed off very quietly in Blaimeore.

Calgary this season has two ladies' hockey teams.

Dr. H. B. Hear is spending a few days of Christmas at Calgary.

It's a safe bet that the next coal miners' strike will not be so largely financed by merchants.

Little "Nellie" Lawson, of Lethbridge, is spending Christmas with her father in Blaimeore.

This issue of The Enterprise completes our sixteenth year of service to the community of Blaimeore.

Mr. and Mrs. A. R. Granger are spending a few days of Christmas with friends at Calgary.

Some preachers do not practice as they preach—and some hockey players do not play as they practice.

Miss Charlotte McEachern, of the Coleman teaching staff, is spending Christmas with her parents at Lethbridge.

Miss Janet Neal, of the Blaimeore teaching staff, left Tuesday night for Edmonton, to spend the Christmas holidays.

E. G. Barber, prominent merchant and member of the I.O.O.F., died at Claresholm on Thursday afternoon last, following a very brief illness.

The Blaimeore Intermediate hockey team will play an exhibition game on the Coleman arena on the afternoon of New Year's Day, starting at 2:30.

A local six-year-old claims that Monday night's Santa Claus was in reality none other than "Ted" Royle, of Hillcrest. Anyway, Mr. Royle will carry the brand for some time yet.

A coal mine that was owned and operated by Joseph Little, of Blaimeore, has been temporarily closed down. The mine is located near Bellevue.

Runes has it that Fred Henson, formerly in charge of the Bellevue branch of P. Burns & Co., has relinquished his interest in the butcher business at Cadomin.

Mr. L. Harthorne, formerly of Pincher Creek and Waterton Lakes, was a passenger on Tuesday night's train from California to Pincher Creek, where he will visit for a few days.

For the murder of her husband, Mrs. Elsie Sweetin, of Mount Vernon, Illinois, was given 35 years in the penitentiary, while her accomplice, Rev. Lawrence M. Hight, was given life imprisonment.

Rev. Oliver, of Bellevue, officiated at the Christmas morning service at the Union church, assisted by the pastor, Rev. W. T. Young. The children's choir, under the leadership of Miss Dicker, led the singing and rendered an anthem.

Inspector Davis, of the A.P.P., was a visitor to Blaimeore from Lethbridge on Tuesday.

Lloyd Cook will take his place with the Vancouver Maroons at Calgary on Saturday night.

Miss W. B. Williams, of the local teaching staff, is spending Christmas with her mother in Calgary.

For stove and furnace coal, try ours, mined at the Sunburst Coal Co. mine, Blaimeore.

LOFT—Leather Techbook, with white button. Binder will please return to Mr. Sager or to Thompson's stove.

The editor of this paper has received an invitation to attend a banquet to be given on New Year's Day by the business men of Burns.

A Christmas treat is being provided for the orphaned Crown children by the various fraternal organizations.
